INTRODUCTION

We refer to our previous Reports to Creditors dated 13 October 2022 and 13 December 2022 and to our circular to creditors dated 22 December 2022 advising of our appointment as Joint and Several Liquidators of the Companies.

The purpose of this report is to provide creditors with information regarding the following:

- ▲ The estimated amount of asset and liabilities of the Companies;
- ▲ An update on the progress of the Liquidation and further actions that may need to be undertaken;
- ■ What happened to the business;
- The likelihood of creditors receiving a dividend before the affairs of the Companies are fully wound up; and
- ▲ Possible recovery actions.

This report should be read in conjunction with our previous Reports. If you have any questions relating to the liquidation in general, or specific questions relating to your position, please do not hesitate to contact this office.

EXECUTIVE SUMMARY

On 13 September 2022, we, Jonathon Keenan and Peter Krejci were appointed Joint and Several Administrators of the Companies pursuant to Section 436A of the Corporations Act. Subsequently, on 21 December 2022, creditors of the Companies passed a resolution appointing us as Joint and Several Liquidators of the Companies.

This report should be read in conjunction with our Previous reports, in particular, our Second Report to Creditors dated 13 October 2022 and Supplementary Second Report to Creditors dated 13 December 2022. We will not restate matters contained in the previous report, unless there are updates required.

This report has been prepared in accordance with Rule 70-40 of the Insolvency Practice Rules to provide creditors with an update on the developments of this Liquidation. We provide hereunder a summary of our investigations into affairs of the Companies to date, the potential return for creditors and the conduct of the Liquidation over the past three (3) months.

Since our last Report, we have vacated the Companies' leased premises and have largely completed the sale of the Companies' plant and equipment and stock. There remains a small quantity of stock and several shipping containers which are being sold via auction over the next few weeks.

We have also successfully settled AS's claim against VPG. In our previous reports, we outlined that the management accounts indicated AS had advanced funds to VPG, a substantial portion of which contributed to VPG's purchase of the Premises and subsequent improvements. There also appears to be potential partial set-off claims from unpaid rent and other amounts. On the basis that AS had provided funds to purchase and improve the Premises, we sought advice and determined that AS held an equitable interest in the Premises and lodged a caveat over the title accordingly. After extensive negotiations, including various legal threats from VPG, we settled the VPG claim for \$147K. These funds have now been recovered.

We note that there are further assets of the Companies available to pursue, in particular loan accounts owing from the Director, as well as the Former Director. Furthermore, creditors will recall that in 2021 the Director caused AS to transfer its stock and business to ASG, which was recorded as a debtor of AS (approximately \$730K) however no payment resulted.

We have also identified a number of potential recovery actions available to pursue, including unfair preferences, insolvent trading and unreasonable director related transactions. In addition, to seeking compensation for the loss suffered as a result of the transfer of business from AS to ASG, there appears to be potential claims against the Director for insolvent trading and unreasonable director related transactions, valued up to \$1.7M collectively for the Companies. Our investigations are ongoing, however there appears to be commercial merit in pursuing some of these claims as the Director has real property that may be available to him to meet these claims. The Director's financial standing is still be explored, and it may be that a commercial settlement, rather than litigation, could be the preferred course of action having regard to risks and funding constraints.

Creditors will recall that the Director had failed to comply with his duties to complete a ROCAP and other documentation during the Administration process. The Director claimed that he was unable to comply due to various medical issues. Regardless, that offence was reported to ASIC, who began

enforcement action against the Director. The Director has since completed the ROCAP reporting, which is discussed later in this report.

We will shortly be reporting our findings to ASIC pursuant to Section 533(1) of the Act. The Section 533(1) report is confidential and is not available to creditors. As Voluntary Administrators, we lodged a similar Report with ASIC pursuant to Section 438D of the Act, and ASIC requested further information. That further reporting will be conducted during the Liquidation period.

We have convened a Meeting of Creditors of Aussie Strength Pty Ltd to be held on **Wednesday 12 April 2023 at 11:00AM (AEST).** Please find attached as **Annexure "A"** the Notice of Meeting of Creditors for your information. The meeting will be held at our offices with virtual meeting technology made available should creditors wish to attend virtually. Further details are disclosed in Section 16 of this Report.

We will not be holding a Meeting of Creditors of Aussie Strength Global Pty Ltd at this time. However, if you wish to discuss any aspect of ASG's liquidation, please contact our office.

The dealings between AS and ASG historically were inter-related, and the projected outcome for creditors in these Liquidations are similarly inter-dependent, given the loans and potential claims against the same parties. Our current estimates indicate that any returns to Creditors of AS and ASG are largely contingent on successfully recovering the above-mentioned claims from the Director and related parties. Funding will be required if litigation is pursued, alternatively, a commercial settlement may be explored. Creditors should refer to Section 14 for further details regarding the current projected returns.

Having regard to the potential recovery actions and vagaries of litigation, these Liquidations may continue for one to two years. Should any creditor have any relevant information which may assist our investigations or potential recoveries, or wish to fund our further investigations, they should contact our office by 30 April 2023.

1. BASIS OF REPORT

This report has been prepared primarily from information received from the Companies' Director and advisors.

In order to complete this report and in conducting our investigations, we have also utilised information from:

- ASIC;
- ▲ The books and records of the Companies;
- Discussions with the Director and advisors;
- ▲ The ROCAP and questionnaire forms completed by the Director;
- ▲ Extracts from public information databases;
- Correspondence with creditors; and
- ▲ Documents obtained from the ATO in relation to the Companies.

2. DISCLAIMER

An investigation of the Companies' affairs has been conducted and this report and the statements made herein have been prepared based upon available books and records, information provided by the Companies' Director and from our own enquiries.

Whilst we have no reason to doubt the accuracy of the information provided or contained herein, we reserve the right to alter our opinions or conclusions should the underlying data prove to be inaccurate or materially change after the date of this report.

Neither we, nor any member or employee of BRI Ferrier accepts responsibility in any way whatsoever to any person in respect of any errors in this report arising from incorrect information provided to us, or necessary estimates and assessments made for the purposes of the report.

This report is not for general circulation, publication, reproduction or any use other than to assist creditors in evaluating their position as creditors of the Companies and must not be disclosed without the prior approval of the Liquidators.

Creditors should consider seeking their own independent legal advice as to their rights and options available to them.

Should any creditor have material information in relation to the Companies' affairs which they consider may impact on our investigations or report, please forward details in writing as soon as possible.

3. PREVIOUS REPORTS TO CREDITORS

This report should be read in conjunction with our previous Reports to Creditors as follows:

- ▲ Initial Report to Creditors dated 15 September 2022;
- ✓ Second Report to Creditors dated 13 October 2022 ("Second Report");

- Supplementary Second Report to Creditors dated 13 December 2022 ("Supplementary Report"); and
- ▲ Circular to Creditors dated 22 December 2022.

4. DECLARATION OF INDEPENDENCE, RELEVANT RELATIONSHIPS AND INDEMNITIES

We refer to the DIRRI enclosed in the initial report to creditors and note that are no changes to same.

5. UPDATE ON PROGRESS OF THE LIQUIDATION

5.1 SALE OF STOCK AND FIXED ASSETS BY O'MARAS

Since the last meeting of creditors, we have concluded our rolling auctions of ASG's stock from the leased premises in Smithfield. We had reached an agreement with the landlord for the Companies to continue to occupy the premises until 23 December 2022, by which time most stock had been collected. A minor amount of sundry stock that was not collected was relocated to O'Maras for subsequent resale.

As part of the rolling auctions, we also arranged for the sale of AS's equipment, including pallet racking and other warehouse equipment located at the premises. As previously reported, the Companies' accounting records and our legal advice determined that the equipment (non-circulating assets) were assets of AS. The CBA held a security interest over AS in respect of a guarantee claim for debts owed by VPG, and accordingly the realisation from AS's non-circulating assets were available to satisfy CBA debts to the extent they pursued a guarantee claim. Therefore, with CBA's consent, the proceeds of AS's asset realisations were set aside pending the outcome of the sale of the trading premises and settlement of VPG's debt owed to CBA. Ultimately, CBA were paid in full by VPG, and CBA's claim and security against AS was extinguished. Further details pertaining to the sale of the property are detailed below.

We are also in the process of realising several ASG shipping containers, which are currently located at a depot in Riverwood, NSW. These shipping containers had been purchased by ASG in the months prior to our appointment. We have instructed our auctioneers to collect and auction these containers in the coming weeks.

5.2 MOTOR VEHICLES

You may recall we had arranged collection of the 2015 Ford Ranger from the Director. The vehicle has now been sold by our auctioneers, O'Maras and its proceeds of sale being available in the liquidation.

There were other vehicles said to be owned by AS, however the ownership is still in dispute. Our enquiries are ongoing, however the values involved are relatively minor compared to the creditor claims.

5.3 LANDLORD

As previously advised, VPG was the owner of the Smithfield Premises. The lease under which the Companies occupied the premises expired on 9 November 2022 and VPG declined to extend the lease period. We subsequently negotiated continued occupation with the landlord under a license

agreement until 23 December 2022. This allowed us time to complete the stock and equipment sales in an orderly manner, mitigating costs associated with relocating the property, where it was uncommercial to do so.

The Companies vacated the Premises on 23 December 2022 and the keys handed to the landlord on that date. Upon vacating the Premises, the Companies removed rubbish and arranged for a sweep clean to be performed, which maximised prospects of recovering AS's loan owed by VPG.

As previously advised, during the Administration period VPG agreed with CBA to sell the Premises in order to extinguish CBA's debt. We assisted this process by allowing the Premises to be marketed, and inspections to occur during the Companies continued occupation.

On 21 December 2022, the VPG sold the Premises via auction. The sale price achieved was sufficient to discharge the CBA's debt in full, extinguishing CBA's guarantee claim against AS. CBA have subsequently confirmed this by providing a discharge statement, removing their PPSR registration over AS.

5.4 PERSONAL PROPERTY LOCATED AT THE PREMISES

As previously advised, the Director, Mr Crown and other associates/entities of the Director had personal items at the Premises. Disputes arose as to the ownership of the third-party property, which we attempted to resolve via documentary proof and physical inspection process. Unfortunately, given the long-running animosity between the Director and Mr Crown, some of the disputes could not be resolved, and the remaining property was left at the Premises to be dealt with by VPG (which is controlled by the Director and Mr Crown).

5.5 VPG LOAN

As discussed in our previous report, AS's balance sheet indicates that it was owed \$422k by VPG. The management accounts indicate that the funds were utilised to assist in the acquisition of the Premises. There were also funds advanced to VPG for the purposes of various leasehold improvements.

AS's records also indicated that rent for the Premises was substantially in arrears. There was approximately \$190k to \$270K owed by AS to VPG in unpaid rent. We note that VPG had submitted a Proof of Debt against AS in the amount of \$280K.

With the benefit of legal advice, we determined that AS had an equitable interest in the Premises. As such, we arranged for AS to lodge a caveat over the Premises' title in January 2023, in respect of the net amounts owed by VPG to AS. This required VPG to deal with AS's claim in order for its sale of the Premises to complete.

During January 2023, we entered into negotiations with VPG to recover the debt and withdraw the caveat. VPG disputed the debts were owed to AS, and raised various counter-claims, which were similarly disputed. Having reviewed the accounting records, and counter-claims from VPG, it appeared that AS had a net debtor claim against VPG of approximately \$152K.

Given the potential cost of legal proceedings to pursue the recovery (estimated at \$50K to \$70K) as compared to the relatively minor claim value, a commercial settlement was justified. With consideration of legal advice, we agreed that AS would accept an amount of \$147K in full and final satisfaction of its claims against VPG. A deed was subsequently agreed between VPG, AS and ASG to

release all claims between the parties and withdraw the caveat. AS received the funds from VPG on settlement.

5.6 LEGAL PROCEEDINGS

Prior to our appointment, Mr Crown had brought proceedings against the Director and the Companies, in respect of certain oppression and other damages claims. Pursuant to Section 440D and 500(2) respectively of the Act, our appointment as voluntary administrators and our subsequent appointment as Liquidators automatically stayed any legal proceedings, as against the Companies as Defendants.

Mr Crown sought leave of the Court and made a number of applications to allow him to continue his claim against AS, and other parties. Those leave applications were unsuccessful as against AS.

We are advised that in February 2023, the ongoing proceedings between Mr Crown, the Director and the Companies were dismissed, with no order as to costs.

Mr Crown had lodged a proof of debt against AS asserting that he had suffered a loss in respect of certain dividends that he claimed were owed to him historically. We previously adjudicated the claim for voting purposes as contingent as the litigation was ongoing, admitting him to vote for \$1 only. AS the proceedings have been dismissed, it appears that Mr Crown no longer has a basis to assert a creditor claim, and similarly may not be able to claim any form of set-off against claims which may be pursued by AS or ASG, including loan accounts.

5.7 SALE OF RESIDUAL ASSETS

As previously discussed, we have completed the sale of the Companies' available physical assets. We have been contacted by a party seeking to purchase the Companies residual assets, namely its Intellectual Property and contractual rights. The discussions are ongoing, and noting that the business is no longer trading, any sale of IP (if agreed) may be for limited value.

5.8 ACCOUNTING FOR DISPOSAL OF ASSETS

During the course of the administration, we traded the business on a limited basis as we conducted an orderly asset sale process. Given the related dealings, including shared premises, costs were jointly incurred. We have now accounted for the asset realisations and costs between the Companies. We note that the apportionment of costs was driven by the value of the assets sold and the funds have been paid to the respective entities.

5.9 REFUND ON INSURANCE POLICY

Prior to our appointment, AS maintained insurance policies including Public Liability, Marine and, Business Insurance. The premiums on these policies were paid through a premium funding arrangement. As the business has ceased to trade and assets sold, the policies were terminated which resulted in a minor refund of around \$4K.

6. REASONS FOR FAILURE

Creditors will recall that the Director had failed to comply with his duties to complete ROCAP and other documentation during the Administration process. The Director claimed that he was unable to

comply due to various medical issues. Regardless, that offence was reported to ASIC, who began enforcement action against the Director. The Director has since completed the ROCAP reporting.

The Director in his questionnaire and ROCAP, attributed the Companies' reason for failure to be issues arising from the lease of the Premises, ongoing legal disputes with Mr Crown, issues relating to legal advice received from the Director's former lawyers, high legal costs and unmanageable tax debts.

Whilst we agree with that the above factors contributed to the Companies failure, as detailed in our previous reports, we also note the following additional causes of failure based on the investigations conducted to date:

- ▲ Legal dispute between the Director and Mr Crown, which included the Companies, as defendants to those proceedings.
- Cash constraints caused by the disposal of the AS's assets and business to ASG, and other unreasonable director related transactions.
- ✓ Poor compliance of tax affairs and unpaid debts to the ATO.
- Guarantee of related entity debts owed by VPG.
- Insufficient working capital.
- Lack of strategic management of the operational and financial aspects of the business.

7. FINANCIAL POSITION OF THE COMPANIES

As mentioned above, we have now received completed ROCAPs from the Director. We have also summarised below the assets and liabilities disclosed in the ROCAPs and their likely recovery value.

The ROCAPs received from the Director closely reflect the management Companies' accounting records maintained on Xero software. As mentioned in our previous Reports, the management accounts are materially misstated, where no prepayment liabilities owed to customers are recorded, nor the true value of stock or debtors.

We have not sought to comment on matters which have been addressed in Previous Reports.

7.2 ASSETS

7.2.1 Plant and Equipment

As you are aware following our appointment as voluntary administrators, we engaged auctioneers, O'Mara's, to prepare an independent valuation of AS's plant and equipment and assist in the realisation of those assets.

AS's assets primarily consisted of warehouse pallet racking and goods handling equipment, along with sundry office equipment and hand tools. Those assets were sold via auction generating approximately \$63K, of which \$6K was paid to an equipment financer. We further recovered an amount of \$15K in respect of a motor vehicle owned by AS.

7.2.2 Accounts Receivable

The Accounts Receivable is comprised of amounts owed to AS by ASG, which after set-off of various payables, appears to be around \$891K. This is largely comprised of the transfer of stock from AS to ASG in July 2021 for \$731K which was never paid by ASG.

Further, there is amount of \$66K owing from Nitecore Australia, a related entity controlled by the Director and Mr Crown. We understand that the debt arises from rent owing from occupying space within the Premises, however there is no documented sub-lease.

No value was ascribed to the Accounts Receivable value in the Director's ROCAP. Our estimate of the Accounts Receivable value is subject to whether there is a dividend payable by ASG to its unsecured creditors, which is itself dependent on recoveries from litigation.

7.2.3 Related Party Loans – Valkyrie Property Group

This loan has been recovered. Please refer to Section 5.5 in relation to the VPG loan.

7.2.4 Related Party Loan – Gavin Crown

In our previous reports to creditors, we advised that the management accounts indicated that Mr Crown was a debtor of AS to an amount of \$109K. We also noted however, that entries were recorded in the loan after the date Mr Crown departed from the business. The loan ledgers include a large number of small expenses, for which it is difficult to determine their purpose. There is also a single journal entry for the reimbursement of historical petty cash withdrawals.

Mr Crown has disputed the amount owing and has provided some material which purports to demonstrate that the funds are not owed. Whilst our investigations are continuing, the information provided to date does not sufficiently demonstrate why the funds are not owed to AS.

Given the value of the claim, it may be necessary to explore a commercial settlement of this claim, as opposed to litigation.

7.2.5 Related Party Loan – Andy Taylor

We have undertaken further investigations into the Director's loan accounts recorded in the management accounts of AS.

The management accounts show multiple loan ledgers in financial years (FY2019, FY2020 and FY2021), the net position of which is a creditor for \$2K. However, on review of the accounting records, there appears to be irregularities with some of the underlying journal entries and cash transactions, which if set-aside, would result in a net debtor claim against the Director. In this regard, we have observed approximately \$73K in cash receipts to AS from Mr Crown, were credited to the Director's loan account without explanation. The consequence potentially being, Mr Crown's loan being overstated, and the Director's loan being understated.

Our enquiries are ongoing.

7.3 LIABILITIES

7.3.1 Secured Creditors

As discussed above and in our previous reports, certain parties held registered security interests over AS. We provide an update on the secured creditors as follows:

- CBA As mentioned above, CBA held a registered security over AS, in respect of the guarantee provided by AS for the debts owed by VPG (previously around \$3.2M). VPG sold the premises and the proceeds from this sale was sufficient to satisfy the CBA debt in full. CBA has provided us with a notification of discharge of their security.
- **De Lage Landen** held security over a forklift and the warehouse pallet racking installed at the Premises of the Companies. As part of the realisation process, O'Mara's sold the equipment and discharged the secured debt in full.

7.3.2 Priority Creditors

We advise that former employees may be eligible to lodge a claim with the Department of Employment and Workplace Relations ("the Department") for unpaid employee entitlements. To assist the Department, we have provided details of the outstanding entitlements of four (4) employees, who we believe are eligible to make a claim under the Fair Entitlements Guarantee scheme. The Department has advised they have received claims from 2 former employees and are currently reviewing the information submitted to determine the relevant amount outstanding. We understand that they are in the final stages of making a distribution to these 2 employees.

Claims against the scheme are required to be made within 12 months of the date of liquidation. As such, we encourage employees who have not already done so, to submit their claims with the Department as soon as possible.

Priority creditor claims in AS will be discharged, subject to the amounts recovered from the various claims discussed in this report.

7.3.3 Unsecured Creditors

The Director in his ROCAP had indicated unsecured creditor claims to be \$501,000. Based on Company records and PODs received to date, we estimate the Unsecured Creditor claims as follows:

	ERV Amount
Unsecured Creditors	(\$)
Trade Creditors	439,081
Australian Taxation Office	309,714
Related Party Creditors	unknown
Total Estimated Unsecured Creditors	748,795
_	

We have received certain claims from trade creditors, which are offshore suppliers and logistics companies. The claims from those parties largely relate to goods ordered, but not delivered due to cashflow constraints. There is no claim from VPG in the unsecured creditors, as this claim was settled along with the loan claim.

We note that the debt owed to the ATO is underreported in the management accounts. The ATO has substantial arrears debts, which had resulted in penalty notices being issued to the Director prior to our appointment.

Finally, there are related party claims which are largely represented by amounts reported to be owed to the Director for unpaid employee entitlements. Those amounts are yet to be proven, and as mentioned earlier, the Director may in fact be a net debtor of AS, rather than a creditor.

We encourage any creditors who have not already done so, to lodge their creditor claims with this office. In this regard, please complete the Formal Proof of Debt form, attached as **Annexure "B"**, and return the same together with documentary evidence to support your claim.

7.5 ASSETS

7.5.1 Cash and Cash Equivalents

The Director discloses an amount of \$12K is recoverable in respect of cash, which represented the cash at bank balance on appointment. We note that cash was recovered from other sources, including

payment systems which had yet to clear sale proceedings. In total, we have recovered approximately \$42K. We do not anticipate any further recoveries.

7.5.2 Stock

Creditors are referred to Section 5.1 for comments relating to the stock sales.

7.5.3 Plant and Equipment

We have previously reported, that the management accounts reported a minor amount of plant and equipment held by ASG. A review of the supporting ledgers indicates that the equipment was actually display stock, which was sold as part of the rolling stock sales. We do not anticipate that there will be any plant and equipment realisations for ASG.

7.5.4 Related Party Loans – Andy Taylor

The management accounts indicates that the Director is a debtor of the ASG to an amount of \$70K. In the ROCAP, the Director has not included the loan as being recoverable, and has not provided any explanation.

The accounting records indicate that loan related to extensive personal expenditure, as well as legal fees (presumably in respect of personal legal actions on foot). There are also miscellaneous withdrawals of significant round figures. The accounts indicate that the director has made cash contributions to ASG since 2021, however, this has not been sufficient to discharge the net loan account.

Our enquiries are ongoing, and this claim may be pursued in conjunction with the broader recovery actions against the Director, subject to the commercial assessment in due course.

7.6 LIABILITIES

7.6.1 Creditors

We note the following in respect of the estimate of creditor claims in ASG:

- AS is owed approximately \$891K, largely related to the sale of stock in 2021 and ongoing business expenses since.
- ✓ Substantial amounts are owed to customers who paid deposits towards orders that ASG could not supply. Those prepayments, estimated at around \$942K, were not recorded in the accounts as liabilities.
- The Director has disclosed in his ROCAP, trade creditors in the amount of \$164K, which is significantly greater our estimate. The variance primarily relates to the claim of a logistics company, which has lodged a claim in AS instead of ASG, based on their historical contractual agreement.
- We have included an estimate for contingent creditor claims, such as warranty claims from former customer which can no longer be satisfied as the business has ceased to trade.

Creditors should refer to our analysis in previous reports for details on the various creditor claims.

We encourage any creditors who have not already done so, to lodge their creditor claims with this office. In this regard, please complete the Formal Proof of Debt form, attached as **Annexure "B"**, and return the same together with documentary evidence to support your claim.

8. INVESTIGATIONS

As Liquidators, we are required to review certain transactions to determine whether or not recoveries can be pursued for the benefit of creditors. Attached as **Annexure "D"** is the ARITA Creditor Information Sheet on Offences, Recoverable Transactions and Insolvent Trading.

Whilst a potential claim may be identified having regard to the Companies' records, any net recovery ultimately depends upon:

- ▲ The costs involved in pursuing a claim; and
- ▲ The capacity of the defendant to meet such a claim.

8.1 INVESTIGATIONS UNDERTAKEN

In our previous reports, we outlined various potential contraventions of the Act. The claims outlined are summarised below and we have provided further updates regarding the work completed to date.

Section	Potential Offence Identified	Summary of Offence
180	Director's breach of fiduciary duties by	Insolvent Trading
181 182	failing to act with care & diligence, good faith and use of position	Arranging for the transfer of assets from AS to ASG, to the detriment of AS
		Use of company funds for personal expenditure
588FDA	Unreasonable Director Related	Arranging for the transfer of assets from AS to ASG, to
	Transactions	the detriment of AS
		Use of Company funds for personal expenditure
588G	Director's duty to prevent insolvent trading	Insolvent Trading
588FA	Unfair Preferences	Creditors who have received more than it would have if
		the transactions were set aside, and the Creditor proved
		in the winding up

9. FINDINGS AND RECOVERY ACTIONS

9.1 INSOLVENT TRADING CLAIM

In our Second Report to Creditors dated 13 October 2022, we outlined our investigations in relation to the insolvency of the Companies and quantified our claim in respect of any insolvent trading claim that may be available to creditors, should the Companies be placed into Liquidation.

We advised that our preliminary investigations had determined that the Companies were both insolvent since 30 June 2021. The assessment is aligned between AS and ASG, due to sale of business that occurred and the inter-dependent financial position that resulted.

We have undertaken a further review of the known creditor claims and have refined the potential value of the insolvent trading claims that may be available. Our further investigations indicate that insolvent trading claims may be available at values of up to \$600K for AS and up to \$975K for ASG. These losses reflect the estimated creditor claims incurred by each entity after 30 June 2021. A formal adjudication process may be required in due course to finalise the loss calculation.

In the event an insolvent trading claim is pursued, we anticipate that significant costs would be incurred, which will require funding. If a creditor(s) do not offer such funding, external litigation funders can be approached, which generally charge a premium of around 30% to 40% of the recovery. As an alternative, we can consider selling the causes of action on a commercial basis, to obtain a return in a quicker timeframe, usually at a discount to accommodate the risk being passed to the purchaser.

Based on our initial enquiries, it appears that the Director may have assets that could be available to satisfy claims. As such, there appears to be commercial merit in pursuing an insolvent trading claim. We will explore funding options in due course.

We invite any creditors who have an interest in providing the necessary funding to contact our office by 30 April 2023. Alternatively, any creditors interested in acquiring the causes of action, please contact our office by 30 April 2023. Absent any funding, we may pursue a commercial settlement.

10. VOIDABLE TRANSACTIONS

Voidable transactions include transactions such as unfair preferences, uncommercial transactions, unfair loans, unreasonable director related transactions and circulating security interests created within six months before the relation-back day, which is the date of the appointment of the voluntary administrators.

These transactions usually relate to the period six (6) months prior to the date of our appointment; however, in certain circumstances, this period can be extended to four (4) years in relation to transactions with related entities and up to ten (10) years if the transactions were entered into with related parties with the intention of fraud.

10.1 UNFAIR PREFERENCE CLAIMS

An unfair preference results when a company and a Creditor are parties to a transaction(s) and the Creditor receives more than it would receive if the transaction(s) are set aside, and the Creditor proved for the debt in the winding up. If it is ultimately determined that certain payments are potentially recoverable as unfair preferences, it would be necessary to establish:

- ▲ that the company was insolvent at the time the payments were made; and
- ▲ that the recipient had reasonable grounds to suspect that the company was insolvent at that
 time or would become insolvent as a result of the payment.

The clawback provisions available to the Liquidators relate only to payments to unrelated parties made within six (6) months from the date of our appointment, if the Companies are insolvent at that time, as the RBP.

Our investigations have not identified any additional creditors who have received a preference in payments than the ones disclosed in our previous reports.

- AS We have identified one party who received a total amount of \$90K in the 6 months prior to our appointment. The available records indicate that this party was, or ought to have been, aware of AS's financial circumstances and insolvency. Amounts paid were made under a payment arrangement, indicating that this party pressured AS for payment. We believe this amount has reasonable prospects of recovery. We anticipate shortly issuing a demand under Section 588FA.
- ▲ ASG We have identified 2 parties, one party received \$71K and another \$23K in the 6 months prior to our appointment. We are uncertain if either party was aware of ASG's solvency however, both parties repeatedly pushed for payment of outstanding amounts and payments were made pursuant to payment plans. At this stage, we anticipate performing further investigations to determine recoverability and potential defenses (such as good faith or running account).

10.2 UNCOMMERCIAL TRANSACTIONS

A transaction is considered uncommercial if it is made at a time when a company is insolvent, and it may be expected that a reasonable person in the company's circumstances would not have entered into the transaction having regard to:

- ▲ The benefits or detriment to a company of entering into the transaction; and
- ▲ The prospective benefits to other parties to the transaction.

Our investigations have not identified any uncommercial transactions at this stage.

10.3 UNREASONABLE DIRECTOR RELATED TRANSACTIONS

A transaction is an unreasonable Director-related transaction if:

- The transaction is a payment, a conveyance, transfer or disposition of property, the issue of securities, or incurring of an obligation to make a payment, disposition or issue by a company.
- ✓ The transaction is to a Director or close associate of the Director or for their benefit.
- ▲ A reasonable person in a company's circumstances would not have entered into the transaction having regard to the benefit or detriment to the company or other parties involved in the transaction.

You may recall from our second report to creditors, we had identified a range of payments made by the Companies for the personal expenditure of the Director. Our investigations have confirmed that that these personal expenses are recorded in the Director's loan account with the Companies and therefore, prima facie the amounts are owed to the Companies. However, if the director disputes the loans are repayable, these amounts may be pursed as unreasonable director related transactions, on the basis that many of the entries appear to pertain to personal expenditure, which are unlikely to have any benefit the Companies.

We have also identified legal costs previously paid by ASG, which appear to relate personal legal costs of the Director, in his disputes with Mr Crown and his other family members. Some of those legal fees have been applied against the Director's loan account, which if disputed, may also be pursued as unreasonable director related transactions.

We previously addressed the transfer of AS's stock and business to ASG, which ultimately was not paid by ASG. This transaction may not have been for a proper purpose, and may amount to a further unreasonable director related transaction, to the extent that the debtor is not recovered in due course. That claim, in effect, mirrors the losses that comprise the insolvent trading claim.

As such, there are multiple avenues to pursue claims against the Director, however they are all subject to the commercial capacity of the Director to satisfy the claims. This is discussed further below.

10.4 UNFAIR LOANS

A loan is unfair if it is made to a company at extortionate interest rates or the charges in relation to the loan are extortionate. In considering whether interest and charges are extortionate, regard must be had to the following:

- Risk the lender is exposed to;
- Value of the security;
- ▲ Term;
- Repayment schedule; and
- ▲ Amount of loan.

Our investigations have not identified any unfair loans at this stage.

11.RECOVERY OF CLAIMS

In our Previous Reports, we provided comments regarding the Director's ability to meet potential claims. The Director has verbally indicated that he is not of means, however has not provided any documentation to confirm that position, such as statement of personal assets and liabilities.

Our enquiries indicates that the following in respect of the Director's financial position:

- The Director is the sole owner of at least one real property located in NSW.
- ✓ We have recently identified that the Director holds a one-third interest in a Property located in QLD, which is currently encumbered to AMP.
- A related entity of the Director is the owner of a further property located in QLD.
- A surplus appears to have been generated in VPG from its sale of the Smithfield property, which the Director would have a financial interest through shareholdings.

Our enquiries into the Directors financial position are ongoing, and at this stage there appears to be merit in pursuing recovery of the claims, at least on a commercial basis. We will update creditors further in due course.

12. REPORT TO ASIC

As Voluntary Administrators, we previously lodged a report pursuant to Section 438D of the Act and ASIC requested further information. That further information will be provided in the Liquidation reporting process.

As Liquidators, we are required to complete an investigation into the Companies' affairs and, if offences are identified, or in the event that a dividend of less than 50 cents in the dollar is paid to unsecured creditors, we will lodge a report with ASIC pursuant to Section 533 of the Act. We intend

to shortly submit a confidential report to the ASIC pursuant to Section 533(1) of the Act, detailing our investigations into the affairs of the Companies and the conduct of the Director.

13.RECEIPTS AND PAYMENTS

Attached as **Annexure "E"** is a summary of our receipts and payments during the Liquidation period for both AS and ASG.

14. ESTIMATED RETURN TO CREDITORS

We have set out in **Annexure "F"** and **Annexure "G"** an updated analysis of the estimated returns that may be available to creditors in the Liquidations. Please note these figures are estimates only, and the actual results may vary materially contingent on the outcome of our recovery actions.

In summary, we note that the estimated return provides as follows:

Aussie Strength Pty Ltd

- ✓ Priority Creditors a return of 0 to 100 cents in the dollar.
- ✓ Unsecured Creditors a return of nil to 50 cents in the dollar.
- ✓ Secured creditors CBA and DLL have discharged their securities.

Aussie Strength Global Pty Ltd

- ▲ There are no Priority Creditors in ASG.
- ✓ Unsecured Creditors a return of 1 to 12 cents in the dollar.

The return for creditors is largely contingent on the recoveries from the various claims addressed herein, as against Director and related parties. Those recoveries are subject to the inherent risks associated with litigation, and funding being available for same. Our enquiries are at an early stage, however, as a best estimate, we anticipate that the recoveries may take one (1) to two (2) years to pursue. Alternatively, a commercial approach may be adopted seeking to settle the claims quicker, usually at a discount.

Please note that the employee's claims will likely be discharged by the government Fair Entitlement Guarantee Scheme, and the government will subrogate the employees claims for a recovery from the Liquidation in due course.

In the interim we encourage any creditors who have not already done so, to lodge a proof of debt ("POD") together with relevant supporting documentation. A copy of the POD is attached as **Annexure** "B" in this regard.

15. REMUNERATION OF LIQUIDATORS

Creditors have previously approved our remuneration as Liquidators of ASG, but not AS.

Accordingly, we have convened a meeting of creditors of AS, and we will be seeking approval for our accrued and future remuneration as detailed in our Remuneration Approval Report, attached as

Annexure "H". Our Remuneration Approval Report provides further detail about the remuneration sought.

The calculation of remuneration is based on the time spent by us and our staff and is calculated in accordance with the schedule of hourly rates charged by our Firm in the Initial Remuneration Notice, attached as **Annexure "G"**.

The Initial Remuneration Notice attached also discloses our estimate of costs for the Liquidation period.

16. MEETING OF CREDITORS

A Meeting of Creditors of **Aussie Strength** only has been convened for Wednesday, 12 April 2023 at 11:00AM (AEST). The formal Notice of Meeting is attached as **Annexure "A"** for your reference.

To participate as a Creditor and/or eligible employee Creditor, you should:

- Provide me with a Proof of Debt detailing your claim to be a Creditor and/or eligible employee Creditor. A Proof of Debt Form is enclosed as **Annexure "B".** If you have previously provided a proof of debt and wish to supplement it, you may do so. Otherwise, Creditors whose proofs were accepted for voting at the previous meeting are not required to be re-lodged for the Meeting of Creditors.
- Creditors may attend and vote in person, by proxy or by attorney. The appointment of a proxy, copies of which is attached as Annexure "C", must be in accordance with Form 532. It is necessary for all Creditors to submit new proxies for this Meeting of Creditors. Persons attending on behalf of a corporate entity are required to have a proxy signed on behalf of that entity.
- ▲ A specific proxy can be lodged showing approval or rejection of each proposal.

Proxy forms or facsimiles thereof must be lodged at my office by 4:00 PM one (1) business day prior to the meeting by email to mflorian@brifnsw.com.au. Where a facsimile copy of a proxy is sent, the original must be lodged with my office within seventy-two hours after receipt of the facsimile. An attorney of a Creditor must show the instrument by which he or she is appointed to the Chairperson prior to commencement of the meeting.

17.CREDITORS' RIGHTS

Pursuant to Clauses 70-40, 70-45, 75-15, 85-5, 90-24 and 90-35 of the Insolvency Practice Schedule (Corporations) and Rule 70-30 of the Insolvency Practice Rules (Corporations) 2016, we are required to give certain information to creditors as to their rights in the administration.

Accordingly, we attach as Annexure "J" further information regarding 'Creditor Rights in Liquidations'.

18. MATTERS OUTSTANDING

The outstanding matters in the Liquidation are:

Complete the sale of the remaining stock, in particular the shipping containers;

✓ Finalise recoveries in respect of various loan accounts and consider if recovery actions are warranted;

▲ Explore possible purchase of Intellectual Property;

▲ Liaise with prospective funders to determine if they are prepared to fund recovery actions;

✓ Consider and pursue insolvent trading/unreasonable director related transaction claims (including undertaking further investigations into Director's financial position);

 Providing further assistance to FEG in respect of verification of employee entitlements, if required;

▲ Finalise Investigations and prepare Section 533 Report with ASIC;

Prepare and submit Supplementary Report to ASIC (already requested by ASIC);

Calculation of Dividend and its distribution;

▲ Statutory lodgements and general administrative matters; and

▲ Conducting finalisation procedures.

Subject to the timing of the finalisation of the above matters and any unforeseen circumstances, we currently estimate that the Liquidations will be finalised within one (1) to two (2) years.

19. OTHER MATTERS

It would be appreciated if you would consider the matters detailed in this report and please write to this office setting out particulars if you are:

▲ Aware of any errors in the information contained within this report including the nondisclosure of any divisible assets; and

✓ Have any information that you consider is relevant for creditors' decision making or relevant information that may help assist the Liquidators' investigations into the affairs of the Companies.

Creditors should however, maintain their records in relation to the affairs of the Companies and advise this office of any change of address.

Additional general information regarding liquidations which may be of assistance, is available from the following websites:

▲ ARITA at <u>www.arita.com.au/creditors</u>; and

▲ ASIC at <u>www.asic.gov.au</u> (search for "insolvency information sheets").

Should you require assistance in completing the relevant forms or have any queries, please contact Max Florian of this office.

Recoverable Transactions

Preferences

A preference is a transaction, such as a payment by the company to a creditor, in which the creditor receiving the payment is preferred over the general body of creditors. The relevant period for the payment commences six months before the commencement of the liquidation, or three months if a simplified liquidation process is adopted. The company must have been insolvent at the time of the transaction or become insolvent because of the transaction.

Where a creditor receives a preference*, the payment is voidable as against a liquidator and is liable to be paid back to the liquidator subject to the creditor being able to successfully maintain any of the defences available to the creditor under the Corporations Act.

*Must be greater than \$30,000 for unrelated creditors in a simplified liquidation

Creditor-defeating disposition

Creditor-defeating dispositions are the transfer of company assets for less than market value (or the best price reasonably obtainable) that prevents, hinders or significantly delay creditors' access to the company's assets in liquidation. Creditor-defeating dispositions are voidable by a liquidator.

Uncommercial Transaction

An uncommercial transaction is one that it may be expected that a reasonable person in the company's circumstances would not have entered into, having regard to the benefit or detriment to the company; the respective benefits to other parties; and any other relevant matter.

To be voidable, an uncommercial transaction must have occurred during the two years before the liquidation. However, if a related entity is a party to the transaction, the period is four years and if the intention of the transaction is to defeat creditors, the period is ten years. The company must have been insolvent at the time of the transaction, or become insolvent because of the transaction.

Unfair Loan

A loan is unfair if and only if the interest was extortionate when the loan was made or has since become extortionate. There is no time limit on unfair loans – they only must be entered into before the winding up began.

Arrangements to avoid employee entitlements

If an employee suffers loss because a person (including a director) enters into an arrangement or transaction to avoid the payment of employee entitlements, the liquidator or the employee may seek to recover compensation from that person or from members of a corporate group (Contribution Order).

Unreasonable payments to directors

Liquidators have the power to reclaim 'unreasonable payments' made to directors by companies prior to liquidation. The provision relates to payments made to or on behalf of a director or close associate of a director. The transaction must have been unreasonable and have been entered into during the 4 years leading up to a company's liquidation, regardless of its solvency at the time the transaction occurred.

Voidable charges

Certain charges over company property are voidable by a liquidator:

- circulating security interest within six months of the liquidation, unless it secures a subsequent advance
- · unregistered security interests
- security interests in favour of related parties who attempt to enforce the security within six months of its creation.

Insolvent trading

In the following circumstances, directors may be personally liable for insolvent trading by the company:

- a person is a director at the time a company incurs a debt
- the company is insolvent at the time of incurring the debt or becomes insolvent because of incurring the debt
- at the time the debt was incurred, there were reasonable grounds to suspect that the company was insolvent
- the director was aware such grounds for suspicion existed; and
- a reasonable person in a like position would have been so aware.

The law provides that the liquidator, and in certain circumstances the creditor who suffered the loss, may recover from the director, an amount equal to the loss or damage suffered. Similar provisions exist to pursue holding companies for debts incurred by their subsidiaries.

A defence is available under the law where the director can establish:

- there were reasonable grounds to expect that the company was solvent and they did so expect
- they did not take part in management for illness or some other good reason; or
- they took all reasonable steps to prevent the company incurring the debt.

The director may also be able to avail themselves of safe harbour, if they meet certain conditions.

The proceeds of any recovery for insolvent trading by a liquidator are available for distribution to the unsecured creditors before the secured creditors.

Important note: This information sheet contains a summary of basic information on the topic. It is not a substitute for legal advice. Some provisions of the law referred to may have important exceptions or qualifications. This document may not contain all of the information about the law or the exceptions and qualifications that are relevant to your circumstances.

Queries about the external administration should be directed to the insolvency practitioner's office.

1 EXECUTIVE SUMMARY

We are asking creditors to approve the following remuneration and disbursements.

Aussie Strength Pty Ltd	Remuneration (excl. GST) (\$)	Disbursements (excl. GST) (\$)
Liquidation Period – Completed Work	70,525.50	0.00
Liquidation Period – Future Work	29,474.50	2,000.00
Liquidation Total	100,000.00	2,000.00

Details of our remuneration can be found in section 3 and 4 of this report.

Creditors will be asked to pass resolutions in relation to our remuneration and disbursements at the meeting on Wednesday, 12 April 2023.

We estimate the total cost of the Liquidation for Aussie Strength Pty Ltd will be between \$150,000.00 to \$200,000.00 (excl. GST). Please refer to our Initial Remuneration Notice dated 21 March 2023.

2 DECLARATION

We have undertaken an assessment of this remuneration claim in accordance with law and applicable professional standards. We are satisfied that the remuneration claimed is necessary and proper.

We have reviewed the work in progress report for the Liquidation to ensure that remuneration is only being claimed for necessary and proper work performed and no adjustment was necessary.

3 REMUNERATION SOUGHT

The remuneration we are asking creditors to approve is as follows:

For	Period	Amount \$ (excl. GST)	Rates to apply	When it will be drawn
Completed Work	21 December 2022 to 17 March 2023	70,525.50	Provided in our First Report to Creditors dated 15 September 2022 and this report	It will be drawn when funds are available.
Future Work	18 March 2023 to conclusion	29,474.50	Provided in our First Report to Creditors dated 15 September 2022 and this report	It will be drawn when funds are available and incurred.
Liquidation total		\$100,000.00 (ex	ccl. GST)	

Details of the work already completed and future work that we intend to do are included at **Schedule A**. A breakdown of time spent by staff members on each major task for work completed is included in **Schedule B**.

Actual resolutions to be put to the meeting are included at **Schedule C** for your information. These resolutions also appear in the proxy form for the meeting provided to you.

4 DISBURSEMENT SOUGHT

We are not required to seek creditor approval for costs paid to third parties or where we are recovering a cost incurred on behalf of the liquidation, but we must provide details to creditors. Details of these amounts are included in the attached Receipts and Payments.

We are required to obtain creditor's consent for the payment of a disbursement where we, or a related entity of ourselves, may directly or indirectly obtain a profit.

For more information about disbursements, please refer to the Initial Remuneration Notice sent to you on 21 March 2023.

For disbursements we would like creditors to approve are as follows:

For	Period	Amount (excl. GST) (\$)
Disbursements to a capped amount	21 December 2022 to	
	conclusion	2,000.00
Liquidation total (excl. GST)		
		2,000.00

Details of future disbursements are included at **Schedule D**. Actual resolutions are also included at **Schedule C**. These resolutions also appear in the proxy form for the meeting provided to you.

5 LIKELY IMPACT ON DIVIDEDNDS

The Corporations Act sets the order for payment of claims against the Company, and it provides for the remuneration of the Liquidators to be paid in priority to other claims. This ensures that when there are sufficient funds, the Liquidators receives payment for the work done to recover assets, investigate the Company's affairs, report to creditors and ASIC and distribute any available funds. Even if creditors approve our remuneration, this does not guarantee that we will be paid, as we are only paid if sufficient assets are recovered.

Estimated outcomes are set out in our Statutory Report to creditors on 21 March 2023. The dividend payable to creditors will depend on a range of variables, future realisations, our estimated remuneration as we have set out in this report and creditor claims.

6 SUMMARY OF RECEIPTS AND PAYMENTS

A summary of the receipts and payments for the Liquidation as at 21 March 2023 is attached to this Report.

7 QUERIES & INFORMATION SHEET

If you have any queries in relation to the information in this report, please contact our office.

You can also access information which may assist you on the following websites:

- ARITA at www.arita.com.au/creditors
- ASIC at http://www.asic.gov.au (search for INFO 85).

Further supporting documentation for my remuneration claim can be provided to creditors on request.

SCHEDULE C – RESOLUTIONS

At the forthcoming meeting of Creditors, we will be seeking approval of the following resolutions:

Resolution 1: Liquidators' Remuneration for the period 21 December 2022 to 17 March 2023

"That the remuneration of the Liquidators, their partners and staff for the period 21 December 2022 to 17 March 2023, be calculated on a time basis in accordance with the rates of charge annexed to the Liquidators' Statutory Report to Creditors dated 21 March 2023 be fixed and approved at \$70,525.50 (excl. GST), and that the Liquidators' be authorised to draw that amount as required."

Resolution 2: Liquidators' Remuneration for the period 18 March 2023 the conclusion of the liquidation

"That the remuneration of the Liquidators, their partners and staff for the period 18 March 2023 to the conclusion of the liquidation, be calculated on a time basis in accordance with the rates of charge annexed to the Liquidators' Statutory Report to Creditors dated 21 March 2023 and approved to an interim cap of \$29,474.50 (excl. GST) and that the Liquidators' be authorised to draw that amount as and when incurred."

Resolution 3: Liquidators' Internal Disbursements for the period 21 December 2022 to Conclusion

"That the Liquidators be allowed internal disbursements for the period 21 December 2022 to the conclusion of the Liquidation at the rates of charge annexed to the Liquidators' Remuneration Approval Report dated 21 March 2023, up to an amount of \$2,000.00 (excl. GST) and that the Liquidators' be authorised to draw that amount as accrued."

SCHEDULE D – DISBURSEMENTS

Disbursements are divided into three types:

- Externally provided professional services these are recovered at cost. An example of an externally provided service disbursement is legal fees.
- Externally provided non-professional costs such as travel, accommodation, and search fees. These are recovered at cost.
- Internal disbursements such as photocopying, printing and postage. These disbursements, if charged to the Liquidation, would generally charge at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

We are not obliged to seek creditor approval for disbursements paid to third parties, but must account to creditors, this includes providing details of the basis of charging for these types of disbursements to creditors as part of the Remuneration Approval Report.

We are required to seek creditor approval for internal disbursements where there could be a profit or advantage. Please refer to **Schedule C** for details of the resolution sought.

Future disbursements provided by our Firm will be charged to the administration on the following basis:

Disbursement Type	Rate (excl. GST)

("THE COMPANIES")

The purpose of the Initial Remuneration Notice is to provide you with information about how our remuneration for undertaking the Administration will be set.

A. REMUNERATION METHOD

There are four methods for calculation of remuneration that can be used to calculate the remuneration of an Insolvency Practitioner. They are:

Time based / hourly rates or "Time Cost"

This is the most common method. It provides for remuneration to be charged at an hourly rate for each person working on the matter. The hourly rate charged will reflect the level of experience each person has.

Fixed Fee

The total remuneration for the administration is quoted at commencement of the appointment and is the total charge for the administration. Sometimes a practitioner will finalise an administration for a fixed fee.

Percentage

The remuneration for the appointment is based on a percentage of a particular variable, such as the gross proceeds of asset realisations.

Contingency

The total remuneration for the matter is structured to be contingent on a particular outcome being achieved.

B. METHOD CHOSEN

BRI Ferrier normally charges to use a Time Cost basis, because:

- It is often difficult to estimate accurately the likely cost of undertaking an appointment, as appointments differ in unforeseeable ways as to their factual or legal complexity;
- The Time Cost method reflects the opportunity cost to BRI Ferrier of the use of staff on a particular engagement
- The Time Cost method reflects the extent of work undertaken, reflecting in turn the nature of the appointment
- The Time Cost method can be applied equally to all aspects of an appointment, while percentage or contingent remuneration normally only reflect parts of an appointment, such as the recovery of assets. Our duties include activities, such as reporting to creditors and ASIC, that do not directly yield asset recovery, while contributing to the overall return to creditors.

BRI Ferrier reviews its hourly rates every twelve months. The hourly rates quoted below remain current. BRI Ferrier may increase the hourly rates charged for work performed and if hourly rates are increased, we will seek creditors' approval.

C. EXPLANATION OF HOURLY RATES

The rates applicable are set out in the table on the following page together with a general guide to the qualifications and experience of staff engaged in administration and the role they undertake in the administration. The hourly rates charged encompass the total cost of providing professional services and are not comparable to an hourly wage rate.

Title	Description	Hourly Rates (ex GST)
Principal/Appointee	A Liquidator and/or Registered Trustee. A senior accountant with over 10years' experience who brings specialist skills and experience to the appointment. Leads the team carrying out the appointment.	\$680

Senior Manager	An accountant with more than 7 years' experience. Qualified and answerable to the Team Leader. Self-sufficient in completing and planning all aspects of large appointments.	\$545
Manager	An accountant with at least 6 years' experience. Qualified with well-developed technical and commercial skills. Controls and plans all aspects of medium to larger appointments, reporting to the Team Leader.	\$505
Assistant Manager	An accountant with more than 5 years' experience. Typically qualified with sound technical and commercial skills. Plans and controls smaller matters independently. Assists with management of staff and medium to large appointments.	\$470
Supervisor	An accountant with more than 3 years' experience. Typically qualified with sound knowledge of insolvency principles and developing commercial skill. Assists to plan and control specific tasks on medium to larger appointments. Often undertaking post qualification study specialising in Insolvency and Reconstruction.	\$435
Senior 1	An accountant with more than 2 years' experience. Typically a graduate undertaking study leading to professional qualification as a Chartered Accountant or CPA. Able to complete work on appointments with limited supervision.	\$370

Title	Description	Hourly Rates (ex GST)
Senior 2	An accountant with less than 2 years' experience. Typically a graduate who has commenced study leading to professional qualifications. Able to complete many tasks on medium to large appointments under supervision.	\$310
Intermediate 1	An accountant with less than 2 years' experience. Typically a graduate and commencing study for qualifications. Able to complete multiple tasks on smaller to medium appointments under supervision.	\$270
Intermediate 2	An accountant with less than 1 years' experience. A trainee undertaking degree with an accountancy major. Assists in the appointment under supervision.	\$245
Senior Administration	Appropriately skilled and undertakes support activities including but not limited to treasury, word processing and other administrative, clerical and secretarial tasks.	\$220
Junior Administration	Appropriately skilled and undertakes support activities including but not limited to treasury, word processing and other administrative, clerical and secretarial tasks.	\$150

D. ESTIMATED REMUNERATION

We note that the cost of the voluntary administration process (exclusive of GST, disbursements and legal costs, as necessary) for each of these Companies are estimated to be as follows:

- Aussie Strength Pty Ltd Approximately \$100,000 to \$200,000.
- Aussie Strength Global Pty Ltd Approximately \$100,000 to \$300,000.

This estimate is based on a number of assumptions, including:

- All relevant officers comply with their statutory duties to provide information about the Companies' affairs;
- There is no, or minimal, disputes regarding the conduct of the liquidation, adjudication of claims and dealing with the Companies' assets;
- There will be no actions requiring the commencement of legal proceedings.

This estimate is based on the information available to date. Should any of the above circumstances change, we believe that costs will likely increase from our estimate above.

E. DISBURSEMENTS

Disbursements are divided into three types:

- Externally provided professional services these are recovered at cost. An example of an externally provided service disbursement is legal fees.
- Externally provided non-professional costs such as travel, accommodation and search fees.
 These are recovered at cost.
- Internal disbursements such as photocopying, printing and postage. These disbursements, if charged to the Administration, would generally charged at cost; though some expenses such as

telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

We are not required to seek creditor approval for disbursements paid to third parties, but must account to creditors. However, we must be satisfied that these disbursements are appropriate, justified and reasonable.

We are required to obtain creditor's consent for the payment of internal disbursements. Creditors will be asked to approve our internal disbursements prior to these disbursements being paid from the administration.

Details of the basis of recovering disbursements in this administration are provided below.

As a creditor, you have rights to request meetings and information or take certain actions:

If a simplified liquidation process is adopted, these rights are effectively limited to the right to request information.

Right to request a meeting

In liquidations, no meetings of creditors are held automatically. However, creditors with claims of a certain value can request in writing that the liquidator hold a meeting of creditors. The right to request meetings, including in the circumstances described below, <u>is</u> not available if a simplified liquidation process is adopted.

A meeting may be requested in the first 20 business days in a creditors' voluntary liquidation by $\geq 5\%$ of the value of the debts held by known creditors who are not a related entity of the company.

Otherwise, meetings can be requested at any other time or in a court liquidation by:

- > 10% but < 25% of the known value of creditors on the condition that those creditors provide security for the cost of holding the meeting
- ≥ 25% of the known value of creditors
- creditors by resolution, or
- a Committee of Inspection (this is a smaller group of creditors elected by, and to represent, all the creditors).

If a request complies with these requirements and is 'reasonable', the liquidator must hold a meeting of creditors as soon as reasonably practicable.

Right to request information

Liquidators will communicate important information with creditors as required in a liquidation. In addition to the initial notice, you should receive, at a minimum, a report within the first three months on the likelihood of a dividend being paid.

Additionally, creditors have the right to request information at any time. A liquidator must provide a creditor with the requested information if their request is 'reasonable', the information is relevant to the liquidation, and the provision of the information would not cause the liquidator to breach their duties.

A liquidator must provide this information to a creditor within 5 business days of receiving the request, unless a longer period is agreed. If, due to the nature of the information requested, the liquidator requires more time to comply with the request, they can extend the period by notifying the creditor in writing.

Requests must be reasonable.

They are not reasonable if:

Both meetings and information:

- (a) complying with the request would prejudice the interests of one or more creditors or a third party
- (b) there is not sufficient available property to comply with the request
- (c) the request is vexatious

Meeting requests only:

(d) a meeting of creditors dealing with the same matters has been held, or will be held within 15 business days

Information requests only:

- (e) the information requested would be privileged from production in legal proceedings
- (f) disclosure would found an action for breach of confidence
- (g) the information has already been provided
- (h) the information is required to be provided under law within 20 business days of the request

If a request is not reasonable due to (b), (d), (g) or (h) above, the liquidator must comply with the request if the creditor meets the cost of complying with the request.

Otherwise, a liquidator must inform a creditor if their meeting or information request is not reasonable and the reason why.

Specific queries about the liquidation should be directed to the liquidator's office.

Right to give directions to liquidator

Creditors, by resolution, may give a liquidator directions in relation to a liquidation. A liquidator must have regard to these directions, but is not required to comply with the directions.

If a liquidator chooses not to comply with a direction given by a resolution of the creditors, they must document their reasons. An individual creditor cannot provide a direction to a liquidator.

If a simplified liquidation process is adopted, you may not be able to give directions, because meetings cannot be held to pass a resolution.

Right to appoint a reviewing liquidator

Creditors, by resolution, may appoint a reviewing liquidator to review a liquidator's remuneration or a cost or expense incurred in a liquidation. This right <u>is not</u> available if a simplified liquidation process is adopted. The review is limited to:

- remuneration approved within the six months prior to the appointment of the reviewing liquidator, and
- expenses incurred in the 12 months prior to the appointment of the reviewing liquidator.

The cost of the reviewing liquidator is paid from the assets of the liquidation, in priority to creditor claims.

An individual creditor can appoint a reviewing liquidator with the liquidator's consent, however the cost of this reviewing liquidator must be met personally by the creditor making the appointment.

Right to replace liquidator

Creditors, by resolution, have the right to remove a liquidator and appoint another registered liquidator. This right is not available if a simplified liquidation process is adopted, because meetings cannot be held.

To replace a liquidator, there are certain requirements that must be complied with:

Meeting request

Information and notice

Resolution at meeting

A meeting must be reasonably requested by the required number of creditors.

Creditors must inform the existing liquidator of the purpose of the request for the meeting.

Creditors must determine who they wish to act as the new liquidator (this person must be a registered liquidator) and obtain:

- Consent to Act. and
- Declaration of Independence, Relevant Relationships and Indemnities (DIRRI).

The existing liquidator will send a notice of the meeting to all creditors with this information.

If creditors pass a resolution to remove a liquidator, that person ceases to be liquidator once creditors pass a resolution to appoint another registered liquidator.

Specific queries about the liquidation should be directed to the liquidator's office.
